## REVOLUTION IN SPAIN

REPORTS INDICATE THE GOVERN-

MENT IS ON ITS LAST LEGS.

Cuban Agents Foster Uprisings, and

News from the Army Very Discour-

aging to the Masses.

(Copyright, 1896, by the Associated Press.)

MADRID, Aug. 6.—Trouble of a serious

nature is being fomented in Spain, par-

ticularly in the provinces of Valencia, by

agents of the Cuban insurgents. The Min-

ister of the Interior, Senor Cos-Gayon, yester-

day, replying to a question in the Cham-

ber of Deputies, admitted that a number

of riots had occurred in Valencia, and

when asked to explain the cause of the

disturbances said that they were caused by

friends of the Cuban insurgents, who hoped

thereby to prevent the departure of further

reinforcements of troops for Cuba. Hith-

erto the popular demonstrations have been

attributed entirely to protests against the

imposition of new taxes, a step made neces-

sary by the financial straits of the govern-

ment. It has been subjected to through carry-

ing on the campaign against the insurgents

of Cuba. But while the government is only

willing to admit that the riots have been

instigated by the agents of the Cuban revolu-

tionists, it is generally admitted that the

trouble is of a more serious nature, and

that it is being fomented by the natural

feeling of alarm and dismay at the ap-

parent utter inability of the government to

cope with the situation in Cuba. That the

large Spanish army in Cuba must be still

further and heavily reinforced is looked on

here as a confession of weakness on the

part of the administration and as an ad-

mission of a growing strength of the

Cubans. In addition many letters have

been received in different parts of Spain

by the relatives of Spanish soldiers serving

with the army in Cuba, and they tell such

grim tales of sickness, privation, incompe-

tency and mismanagement, that the gov-

ernment is being driven to a desperate

struggle against the agents of the Cubans

do not have much difficulty in carrying out

their plan of instigating the people to

steal the arms and ammunition from the

army. They are also taking advantage

of the feeling of alarm and dismay at the

## ROBERT J. AGAIN KING

WINS THE BEST FOUR-HEAT RACE

EVER TROTTED OR PACED.

The Last Heat in 2:03.3-4. Within a

Quarter of His Famous Indianapoli

Record of 2:02.1-2.

FRANK AGAN GOES IN 2:03.3-4

AFTER FIRST HEAT HE WAS PASSED

EACH TIME NEAR THE WIRE.

Record-Breaking Free-for-All Pace

at Columbus-Franklin Takes 2:14

Trot-Other Racing Events.

COLUMBUS, O., Aug. 6.—Robert J. again

demonstrated to-day that he is the greatest

pacer ever harnessed to a sulky. Frank

Agan was the favorite in the free-for-all

pace and relying on his remarkable per-

formance at Cleveland, nearly every horse-

man on the track backed him to win.

Previous to the second heat of the great

race Robert J. had four backers in this

town outside of Hamilton and the attach-

es of the Village Farm stables. When Robert

J. took the second heat, however, by a fine

spurt at the finish, the big crowd made

him a hot favorite. It was evident from

the first that Robert J. was to be driven to

win, and the fact that Agan was so heavily

backed made it certain that the race would

be hotly contested.

And so it was. It was the greatest race

of the year, the fastest four consecutive

heats and the fastest fourth heat ever

paced or trotted on any track being made.

In the first heat, paced in 2:03.4, Agan

was the favorite and broke the track record

for best first heat in a race made by Robert

J. at Indianapolis in 1894. The second

and third heats in 2:04.5 were considered

phenomenal, but the crowd was not pre-

pared for the great surprise when the fast-

est fourth heat was made. The previous

best fourth heat in a race was 2:07.4, by

John R. Gentry at Terre Haute in 1894.

Robert J.'s 2:03.4 is within a quarter of a

second of being the best heat ever trotted

or paced in a race. Robert J. made the

record heat at Indianapolis in 1894 in 2:02.1.

It was about 2:30 when the first heat of

the great race was paced. The sky was

covered with heavy dark clouds that fore-

boded a storm and scarcely a breeze stir-

red. The track was faster than any day

since the races began. The immense

crowd that had gathered for the races

was a perfect jam in the betting

sheds. There were three starters in the

race, Frank Agan, driven by McCarthy;

Robert J., driven by Starr and Ruben-

stein; and a third, driven by McCarthy.

Agan, who had not sufficiently recovered

from the accident of Wednesday, in the

first heat, took the lead and holding it all

the way round, won the first heat in 2:03.4.

In the second heat Agan again took

the lead and Rubenstein dropped be-

hind. Agan took the lead and Rubenstein

dropped back. Robert J. kept a close

second all the way round the stretch,

but as he began to tire, he was passed

by Agan, who went into the air and Robert

J. went under the wire a length ahead.

In the third heat, Agan took the lead and

Robert J. moved ahead easily. In the fourth

heat, Agan took the lead and Rubenstein

dropped back. Agan took the lead and

Rubenstein dropped back. Agan took the

lead and Rubenstein dropped back. Agan
